Dear BCS Families,

This announcement is to inform you of the protocols that will be taken here at BCS to ensure the safety of our students and school community in regards to spectators for “high risk” winter sports.

Boys Basketball, Girls Basketball and Girls Volleyball at BCS will be fully implemented under the guidelines of the NYSPHSAA, CDC, MCDOH and the BCS medical director.

At this time BCS will not be allowing visiting spectators from opposing schools to attend winter athletic contests. Home spectator seating will be limited and reserved for families of participating athletes. Families will be allowed a maximum of 8 spectators per player and have a designated area reserved in the bleachers. In addition to limited spectators, masks will be required at all times and social distancing protocols must be followed.

The following protocols will be in place for our CCL Schools and are subject to change. All CCL Schools will require masks to be worn at all times.
