December 9, 2021

Dear BCS Families,

We have reviewed options for our students performing the winter concert this year. During this process the following two primary concerns arose:

- The risk that a live performance would be cancelled due to worsening public health conditions. The potential negative impact on our students should this occur, as it did with the musical in 2019, would be devastating.
- The very limited number of student family members that would be allowed to attend due to COVID restrictions.

However, in addition to these concerns some very positive factors supporting a video production were identified. Such as:

- The opportunity for students to experience and practice new elements of a fine arts curriculum.
- The educational benefits of being part of a video production.
- The enjoyment and pride a student may experience by viewing themselves and their classmates in a video production with many members of their families.

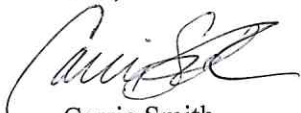

These are a few of the factors that influenced the decision to incorporate the winter concert into a high quality video production.

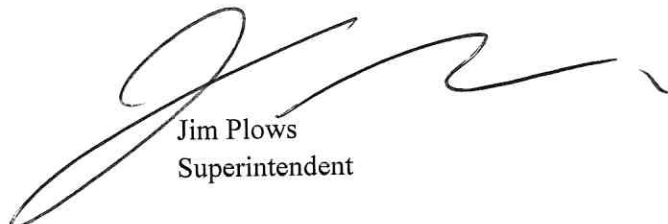

Recording of the concert will take place on Thursday, December 16th and students are encouraged to dress in school appropriate holiday outfits. We anticipate providing families with a link to view the concert on or before Wednesday, December 22nd. Information on how to access the link will be sent to you via the Parent Square app and the BCS Facebook page.

Our students have already begun preparing for the Winter Concert and are very excited to show off their many talents! We hope you enjoy the show as much as we enjoy preparing for it. Your continued support of the BCS community is very much appreciated.

All of us at BCS wish you and your family a healthy and happy holiday season!

Best,

Carrie Smith
Principal
